

# Worksheet #22

## Your Success Story

### Example

Joe's church group was trying to raise money so they could go to youth camp. They decided to sell advanced tickets for a car wash on a certain weekend. Each member of the group would have to sell a certain number of tickets and work an allotted block of time to qualify for a discounted group rate. Selling the tickets was no problem; however, Nick, one of the other members, had a heart condition. The weather was very hot that weekend and Nick could not work his block of time.

Joe volunteered to work his block as well as Nick's block so they could both qualify for the discount price for youth camp.
